Uniformly Unique

Reader reviewed by Kim Peek

At Monique's school, all the kids wear uniforms. Monique wants to be different, so she embellishes her appearance--a hat, glasses, a wild head band, crazy socks--all of which break the school dress code. Then, one day, Monique solves her problem...without breaking any rules.

This book is for everyone who is trying to discover how they fit in and what makes them unique. Kids with school uniforms, glasses or braces will especially appreciate this book.

A fun story about fitting in and standing out from the crowd.
